

Position Description
Project N^o:A110

VA ARCHITECTS

DESCRIPTION

Marshall Craft Associates is seeking full-time Architects to join our team of talented professionals. MCA offers collaboration on all aspects of the design process with a diverse peer group and experienced mentors in a creative, team-centered environment, working on a variety of project types for significant healthcare, academic, cultural, corporate, and government clients. We are seeking professionals who are passionate about architecture.

Our Richmond office is growing, and we have immediate openings for Project Managers, Project Architects, and Interior Designers. MCA is headquartered in a great space within the Clipper Mill arts community in Baltimore with offices in Richmond, VA. We offer great career opportunities for motivated, professionals seeking to help shape a dynamic practice that thrives on creative problem solving, communication, and collaboration. We foster a friendly work environment that supports mentorship, continued education & training, and enhanced growth opportunities to maximize individual potential. We strive to create and maintain a stimulating, fulfilling workplace and are committed to sustainability, creativity, performance, and the highest levels of professional service. An Equal Opportunity Employer, we provide a highly competitive benefits & compensation package, and life-work balance. Salary commensurate with experience.
